Come to our table for a Pacific NW seafood dinner

Albacore off of Oregon's coast have spent the summer gorging on little sea creatures. Now, with full stomachs, they will begin their journey back across the Pacific to Japan. Let's wish them bon voyage!

Edible Portland magazine celebrates its fall issue on Thursday, October 8 at Southpark Seafood Grill & Wine Bar with a dinner brimming in fresh Pacific Northwest seafood.

Join us and a few albacore fishermen who were featured in the fall cover story, *What's the Catch?* All proceeds will benefit *Edible Portland*, as we continue to shine light on the issues facing regional farmers and fishermen that are usually kept out of sight. Buy your tickets today at www.ecotrust.org/foodfarms.
